# Important Information About Your Digitally Signed Document

## Treat with Care

This document contains Personally Identifiable Information (PII). It is crucial to manage it with utmost care to prevent any unauthorized access or exposure.

## Do Not Print

Printing this document will result in the irreversible loss of digital signatures. Important security and verification features embedded within the digital format cannot be replicated on a printed copy.

## Handling and Storage

This digitally signed document is considered an original. Any alterations to the document will compromise its validity. It is your responsibility to ensure that it is stored securely to maintain its original condition.

## Verification

Independently verify the document using industry-standard tools such as Adobe Acrobat. For added convenience, Zigned provides a validation service to confirm the integrity and validity of your signed document. Visit [zigned.se/verify](https://zigned.se/verify) to access this feature.
